A diverse group of highly-qualified obstetrician/gynecologists offering comprehensive health care services to women:

- Prenatal care and the full scope of obstetrical services, (antepartum and intrapartum labor and delivery services at Roosevelt Hospital).
- General primary and preventive health care, birth control, and complete gynecologic exams, including Pap smears, sexually-transmitted disease (STD) screening, and HIV testing.
- Standard and alternative approaches to gyn problems, such as fibroid tumors, abnormal bleeding, and Premenstrual Dysphoric Disorder.
- Surgical management of gynecologic problems, both by traditional and minimally invasive techniques.
- Management of menopause—conventional therapies and new alternative approaches. Through counseling, we will find the plan that is right for your individual needs.
